Gamania Group (Ticker: 6180:TT) today announced its 2024 financial results in accordance with IFRS:

NT\$ thousand	2024	2023	YoY%
Revenue	11,076,611	9,790,860	13%
Gross profit	3,912,287	3,794,800	3%

Note: Net income is attributable to owners of the parent.

Gamania Group today announced its financial results for fiscal year 2024, consolidated revenue of NT\$11.1 billion, representing a 13% YoY increase. This growth was primarily driven by the strong operational performance following the annual update of our flagship PC game, the contribution from the launch of a new title, and increasing demand for cloud security services, leading to double-digit growth in both the gaming and commerce segments.

Gross profit was NT\$3.9 billion, YoY+3%, while operating income was NT\$258 million, YoY-60%. The decrease in operating income was mainly due to higher one-time operating expenses, including the promotional costs for the launch of the new game and the management fees associated with GASH's transition from a subsidiary to an affiliate. Additionally, the group continued to expand its R&D investments in content development and in-house game production. Net income to owners of the parents surged to NT\$2.1 billion, YoY+259%, mainly driven by the steady operational growth and the recognition of gains on disposal of GASH. EPS was NT\$11.78. Gamania Group Board of Directors also

approved a cash dividend of NT\$6 per share, which represents a 51% payout ratio for the 2024 fiscal year.
