#### Letter to Shareholders

Dear shareholders, ladies and gentlemen:

Gamania Group's 2023 consolidated operating revenue was NTD 9.79 billion, operating gross profit was NTD 3.79 billion, and operating profit was NTD 640 million; under review, the annual revenue and profit scale decreased, mainly due to minor upgrade of games during the year without new product introductions. However, through offline special events and localized operations, we have driven a significant increase in active players. Under continuous cultivation of the digital entertainment landscape, our diversified business revenue has steadily grown. The attributable net profit to the parent company reached NTD 580 million, with earnings per share (EPS) of NTD 3.28.

In the face of the challenges of the macro environment, Gamania Group has never stopped, and realized the business goal of a pan-entertainment ecosystem through multi-faceted business strategies. Looking back to 2023, the annual revisions, new classes, and large-scale events of many key games have consolidated players' activities. Among them, "Lineage M" was revamped for the 6th anniversary, allowing cross-country battles between Taiwan and South Korea for the first time; for the 18th anniversary, "MapleStory" opened up new topics through diverse cross-borders, and also entered Taipei Music Center to create large-scale parties to reward players and attract thousands of people to participate. 10,000 people have fun online and announced the biggest revision of the past years. In addition, limited-edition events for the 14th anniversary of "ElSword" and "Mabinogi" gathering players to interact through Vtuber and the community all drove the growth of monthly average active users.

Continuously pursuing the key growth momentum of diversified business layout, Gamania Group's services in payment, e-commerce, IP, information security and other fields are closely connected and advancing hand in hand. In addition to optimizing the cash flow service, GASH also targets the new generation of IP fans economy to effectively increase the contribution of digital card collectors. Gamania payment focuses on the pan-entertainment channel, expands the payment scenarios such as ACGN and amusement parks, and creates an interesting payment experience. E-commerce leisure shopping mainly focused on ACGN categories, which has led to an 80% increase in customers for several years. Discover richer original IP through "bfcreators" program, Gamania Group assists over 100 creators in the matching of promotional resources, and is developing towards cooperation with brokers; about 2,000 online manga titles have been accumulated on the literature and manga star platforms so far and received 6 million views. In addition, the Company embraced digital wave by demonstrating the capabilities of its information security technology, actively participating in cloud and information security conferences, and providing enterprises with customized solutions, which drove the annual growth of its commerce business by 1.5%.

Looking forward to 2024, we expect the classic game "MapleStory" to create a new growth curve through the largest revision in the past years and to boost the revenue momentum side by side with the new distributor's product "Wars of Prasia" to be launched in Taiwan, Hong Kong and Macau. GASH has also introduced a new "super-store instant deposit" function that allows users to safely store services at four major hyper-commercial channels, and develops new types of digital products to enrich the collection experience. In terms of IP, the cartoon star collaborated with PILI puppet show and Chinese astrologer Tang Qiyang to expand new user forms. As the demand for information security and cloud-based information security of global enterprises continues to rise, Digicentre is expanding its customers in diversified industries and in response to the net zero carbon emissions issue. The ESG Intelligence Center uses digital tools to assist enterprises to quickly introduce net zero emissions management and increase business development.

Gamania Group will continue to focus on "Data, AI, Globalization" and embrace the new wave of the high-tech era. Thank you for your continued trust and guidance towards Gamania Group. We will adhere to our commitment to sustainable development and move forward with solid operating capabilities to share the Company's operating results with all shareholders.

#### Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities* for the audit of the consolidated financial statements section of our report. #### Estimation of revenue recognition of online and mobile games revenue

#### Description

Refer to Note 4(27) for accounting policies on revenue recognition, Note 5(2) for the critical accounting estimates and assumptions and Note 6(22) for the details of accounting applied on revenue recognition.

Gamania Digital Entertainment Co., Ltd. (the "Company") and the subsidiary, Gamania Digital Entertainment (H.K.) Co., Ltd., are primarily engaged in providing online and mobile game services. The game players purchase game stored-value cards or value-added to play the game or exchange for virtual items. The Company and the subsidiary, Gamania Digital Entertainment (H.K.) Co., Ltd., recognise receipt of payments for game stored-value card purchases or value-added by players as "contract liability", and recognises revenue over the period of the service or the estimated delivery period of the virtual items when the game stored-value cards or value-added is used for the purchase of service or virtual items, respectively.

The estimation of the virtual items delivery period, which is the same as the expected users' relationship period, is based on historical data on item consumption and item transfer by management. The Company has implemented processes and controls to develop and periodically review these estimates. The information of stored-value and value-added was collected by computer system. Given that the Company has many transactions of game revenue and the deferral of virtual items and the estimation of users' relationship period involve management's subjective judgment, we consider the estimation of recognition of online and mobile games revenue and contract liability as a key audit matter.

#### How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Assessed and tested the relevant internal controls over revenue recognition for online and mobile games revenue.
- B. Tested on a sample basis the consumption information generated from the Company's data collection systems and verified against the consumption report provided by the Company's accountant.
- C. Tested on a sample basis the virtual items information generated from the Company's data collection systems and verified against the contract liability as shown in the trial balance sheet provided by the Company's accountant.

D. Tested on a sample basis the expected users' relationship periods as reflected in the data collection systems, and compared with expected consumption based on the Company's accounting policy.

#### Impairment assessment of goodwill

#### Description

Refer to Notes 4(18) and (19) for accounting policies on goodwill impairment, Notes 6(12) and (14) for details of goodwill, and Note 5(2) for the uncertainty of accounting estimates and assumptions in relation to goodwill.

Goodwill arising from the merger of the Company with NOWnews Network Co., Ltd. and Digicentre Company Limited is material to the financial statements and the projected future cash flows of the expected recoverable amount under the valuation model adopted in the impairment assessment of goodwill was estimated based on management's subjective judgement and expectation on the future operations. Thus, we consider the assessment of goodwill impairment a key audit matter.

#### How our audit addressed the matter

We performed the following audit procedures relative to the above key audit matter:

- A. Assessed whether the valuation models adopted by the Group are reasonable for the industry, environment and the valued assets of the Group;
- B. Confirmed whether the expected future cash flows adopted in the valuation model are in agreement with the budget provided by the cash-generating units;
- C. Assessed the appointed external appraisers in conformity with the rules of qualification and independence, and evaluated the reasonableness of material assumptions, such as expected growth rates, operating profit margin and discount rates, by:
  - (a) Reviewing the appraisal method and calculation formulas used by the independent appraisal expert.
  - (b) Comparing the expected growth rate and operating profit margin with historical data;
  - (c) Reviewing the discount rate and comparing similar return on similar assets ratio in the market.
- D. Compared the recoverable value and book value of each cash-generating unit in order to assess the reasonableness of the book value.

#### Other matter - Reference to the audits of other auditors

As described in Note 4(3), we did not audit the financial statements of certain subsidiaries, which were audited by other auditors. Therefore, our opinion expressed herein, insofar as it relates to the amounts included in the consolidated financial statements and the information disclosed in Note 13 relative to these investments, is based solely on the audit reports of other auditors. Total assets of the subsidiaries amounted to NT\$2,428,046 thousand and NT\$2,157,183 thousand, constituting 25% and 21% of consolidated total assets as of December 31, 2023 and 2022, respectively, and operating revenue was NT\$2,517,590 thousand and NT\$2,825,788 thousand, constituting 26% and 25% of consolidated total operating revenue for the years then ended, respectively.

#### Other matter - Parent company only financial reports

We have audited and expressed an unqualified opinion with other matter section on the parent company only financial statements of Gamania Digital Entertainment Co., Ltd. as at and for the years ended December 31, 2023 and 2022.

### Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

#### Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **2023 Parent Company Only Financial Statements**

#### INDEPENDENT AUDITORS' REPORT

PWCR 23000419

To the Board of Directors and Shareholders of Gamania Digital Entertainment Co., Ltd.

#### **Opinion**

We have audited the accompanying parent company only balance sheets of Gamania Digital Entertainment Co., Ltd. (the "Company") as at December 31, 2023 and 2022, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, based on our audits and the audit reports of other auditors, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2023 and 2022, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

#### Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities* for the audit of the parent company only financial statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company's 2023 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Given that the financial performance of Gamania Digital Entertainment (H.K.) Co., Ltd., a subsidiary directly held by the Company accounted for using the equity method, has been assessed to have a

significant impact on the Company's parent company only financial statements, we consider the estimation of recognition of the subsidiary's online and mobile games revenue and contract liability as a key audit matter.

#### Estimation of revenue recognition of online and mobile games revenue

#### Description

Refer to Note 4(25) for accounting policies on revenue recognition, Note 5(2) for the critical accounting estimates and assumptions and Note 6(20) for the details of accounting applied on revenue recognition.

The Company and the subsidiary, Gamania Digital Entertainment (H.K.) Co., Ltd., are primarily engaged in providing online and mobile game services. The game players purchase game stored-value cards or value-added to play the game or exchange for virtual items. The Company and the subsidiary, Gamania Digital Entertainment (H.K.) Co., Ltd., recognise receipt of payments for game stored-value card purchases or value-added by players as 'contract liability', and recognises revenue over the period of the service or the estimated delivery period of the virtual items when the game stored-value cards or value-added is used for the purchase of service or virtual items, respectively.

The estimation of the virtual items delivery period, which is the same as the expected users' relationship period, is based on historical data on item consumption and item transfer by management. The Company has implemented processes and controls to develop and periodically review these estimates. Given that the Company has many transactions of game revenue and the deferral of virtual items and the estimation of users relationship period involve management's subjective judgement, we consider the estimation of recognition of online and mobile games revenue and contract liability as a key audit matter.

#### How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Assessed and tested the relevant internal controls over revenue recognition for online and mobile games revenue.
- B. Tested on a sample basis the consumption information generated from the Company's data collection systems and verified against the consumption report provided by the Company's accountant.
- C. Tested on a sample basis the virtual items information generated from the Company's data collection systems and verified against the contract liability as shown in the trial balance sheet provided by the Company's accountant.

D. Tested on a sample basis the expected users' relationship periods as reflected in the data collection systems, and compared with expected consumption based on the Company's accounting policy.

#### Impairment assessment of premium on investments accounted for under equity method

#### Description

Refer to Notes 4(13) and 4(17) for accounting policy on impairment assessment of investments accounted for under equity method, Notes 6(6) and 6(12) for details of impairment assessment of investments accounted for under equity method, and Note 5(2) for uncertainty of accounting estimates and assumptions in relation to impairment assessment of investments accounted for under equity method.

As of December 31, 2023, the investments of Gamania Digital Entertainment Co., Ltd. in NOWnews Network Co., Ltd. and Digicentre Company Limited are material and there is a premium arising from goodwill. The future cash flows projections of the expected recoverable amount was calculated based on management's estimation and expectation of the future operations, which involve management's subjective judgement and significant estimation, and the result is significant to the financial statements. Thus, we consider impairment assessment of investments accounted for using equity method a key audit matter.

#### How our audit addressed the matter:

We performed the following audit procedures relative to the above key audit matter:

- A. Assessed whether the valuation models adopted by the Company are reasonable for the industry, environment and the valued assets of the Company;
- B. Confirmed whether the expected future cash flows adopted in the valuation model are in agreement with the budget provided by the cash-generating units;
- C. Assessed the appointed external appraisers in conformity with the rules of qualification and independence, and evaluated the reasonableness of material assumptions, such as expected growth rates, operating profit margin and discount rates, by:
  - (1) Reviewing the appraisal method and calculation formulas used by the independent appraisal expert.
  - (2) Comparing the expected growth rate and operating profit margin with historical data;

- (3) Reviewing the discount rate and comparing similar return on similar assets in the market.
- D. Compared the recoverable value and book value of each cash-generating unit in order to assess the reasonableness of the book value.

#### Other matter - Scope of the Audit

As described in Note 6(6), we did not audit the financial statements of certain investments accounted for under the equity method and the related information disclosed in Note 13, which were audited by other auditors. Therefore, our opinion expressed herein, insofar as it relates to the amounts included in respect of these associates, is based solely on the reports of the other auditors. For the years ended December 31, 2023 and 2022, the comprehensive income amounted to NT\$126,454 thousand and NT\$63,104 thousand, respectively, and the balance of investments accounted for under equity method amounted to NT\$1,283,292 thousand and NT\$1,075,658 thousand as of December 31, 2023 and 2022, respectively.

### Responsibilities of management and those charged with governance for the parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

#### Auditors' responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error

and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
